You should act now to secure your spot in whatever you would like to do this winter, and to buy a pass before prices go up.

But, before Winter comes, let's enjoy Fall. Join us on a couple of **bike rides** and our annual **Seafood Party**. See pages 4 - 6.

Remembering Dale Crockatt

Dale Crockatt died of cancer at the age of 57 on Sunday, July 19, 2015.

Dale was well known around Mt. Hood. He knew Mt. Hood better than almost anyone, having skied and climbed all of it. He worked as the Director of Ski Patrol at **Timberline** and Pro Patrol at **Meadows**. He assisted with numerous search and rescues with the Clackamas

County Sheriffs and the 304th Airborne Rescue. He was a member of the **Schnee Vogelis** and **Crag Rats**. He lived in Rhododendron with his life partner **Sandi Strader**. They jointly owned Oregon Realty in Welches.

Dale volunteered as a ski patroller during **Ski the Glade Trail Days**. He once broke his leg skiing in **White River** canyon. The story was published in **Lift Lines 102** in June 2009.

See more about Dale in the **Shred Hood** article at: <http://shredhood.org/news/mountain-characters/821-mt-hood-loses-a-good-man-as-dale-crockatt-dies-of-cancer>

Shred Hood

Shred Hood, a very informative online magazine, published by **Ben Jacklet**, is entering its third season.

This publication covers everything related to Mt. Hood and its surroundings, including topics as diverse as:

- * [Races, Rail Jams & Rescues](#) on Mt. Hood
- * [Just Keep Climbing](#) - by Asit Rathod, about climbing and skiing Mt. Hood
- * [Resorts push for new skiing statute](#), re. liability releases, terrain parks, etc.
- * [Golden Poles Chalet fire](#) in Govt. Camp)
- * [Preserve the old Mt. Hood highway as a trail](#), an article by Emilio Trampuz.

This is just a very small sample of the wealth of information y on the Shred Hood site.

If you want to be fully informed, you can subscribe or free to be notified of news when they are published. Just enter your email address in the blue box on the right side of the page at ShredHood.org

Mt. High Cookbook

Many years ago, the **Plaza ski club** (one of our parent clubs that in 2000 merged with the **Edgeset Club** to eventually be renamed **Mountain High**) published a cookbook that contained contributions from many of our club members. The cover of that cookbook is shown here.

Let's do it again!

Let's gather a bunch of recipes, including maybe some of those for the winning **chocolate desserts** in recent years. And maybe also a recipe for the **salmon** and other **seafood** presented at our Seafood parties.

Any other recipes from our club members are welcome! Please send your contributions to Debbi Kor, ijustwannarun1@comcast.net

Just to whet you appetite, here are a couple of recipes already submitted:

NOTE: A photo of your finished meal isn't required, but if you have one, send it in. It might help.

Also, just the fact that you are a club member is sufficient connection to the club. But if your recipe has some additional connection to the club, let us know.

Picnic and Bike Ride

August 22, 2015 (Saturday).

Our club celebrated several milestones at a picnic on August 22, 2016 at Sellwood Park.

* 40 years since the Plaza ski club was formed in 1975.

* The Edgeset ski club was formed a bit earlier, in the early 1970s, but it's hard to pinpoint exactly when.

* 15 years ago, in 2000, the two clubs merged into one: Plaza/Edgeset ski club.

* 12 years ago, in 2003, the joint Plaza Edgeset club was renamed: Mountain High Snowsport Club.

* 10 years ago, in 2005, our first joint picnic and bike ride was held, and has become an annual tradition.

All former members were encouraged to come and enjoy a reunion! Several past presidents of both the Plaza and Edgeset clubs attended, including:

Edgeset past presidents: Dan Gomez, Walt Stanton, Terry White.

Plaza past presidents: Linda McGavin, Dick Foss, Blaise Dagilaitis.

Mountain High presidents: Kurt Krueger (former) Debbi Kor (current).

15 people participated in the pre-picnic bike ride, led by Larry Bennett (third from the left). Approximately 45 people showed up at the picnic.

Debbi says: "Read my chest! A Plaza ski club logo pin and a moose - which was the club's mascot."

Greg Anderson, Debbi Kor, Alice Dagilaitis, Marv Wakefield, Blaise Dagilaitis

Dan Gomez and Walt Stanton, former EdgeSet ski club presidents

Seafood Extravaganza

Oct. 3 (Sat.) 6:30 pm.

Greetings everyone!

It's time to get your taste buds set for the **Annual Mt. High Seafood Extravaganza** on Saturday, October 3rd. We will be serving up our standard fare of grilled salmon, halibut, maybe some steamer clams or mussels, oysters, sushi, and all else that's yummy.

Greg Anderson has generously offered up his beautiful home in Mt. Park, to hold our event. With that said, we will have to put a **50 person limit** on attendance. You will need to **RSVP** me **NO LATER THAN 9/25** to ijustwannarun1@comcast.net in order to get your name on the list. We will carry a "wait list" as well,

so if you are **NOT** going to show up, the considerate thing would be to contact me, so that I can take your name off the list, and add the next person(s).

The cost is just **\$5** per person this year. You may send your money into the club **BEFORE SEPTEMBER 25TH**, or pay at the door, as you have previously. We really, really need to know that people intend to come, and just not do a "no show" that night. We need to know enough ahead of time, how many guests to expect, to order a sufficient amount of seafood for all.

Greg has suggested that people bring **folding chairs** for the patio/deck, and wherever else we may need them. You may want to bring a **salad, side dish, or dessert** to share (no assigned items this year), as well as whatever you'd like to **drink**. The club will furnish bottled water and coffee.

Appetizers will be served beginning at 6:30, with dinner to follow at 7 p.m.

The address is: 91 Garibaldi St., Lake Oswego, OR 97035.

Directions: From I-5, get on **Capitol Hwy.** heading south toward Lake Oswego. Capitol turns into SW 49th and then into Kerr Parkway. Different names, but same street. Turn left at the traffic light onto **Hidalgo St.**, then right on **Becket St.**, then left on **Nansen Summit**, and a final left onto **Garibaldi St.** House number 91.

Questions? Contact **Debbi Kor** ijustwannarun1@comcast.net or (503) 314-7078.

See you there! - **Debbi**

Lift tickets and Season Passes

Here is a comparison of various lift tickets and passes. Which pass is best for you depends on how much you'll ski. Will you ski enough times at the same ski area to justify a season pass? Note that PACRAT racers will be able to get discounted lift tickets on their race days. Remember that Meadows and Timberline will be offering **Spring Passes** valid for March, April and May, for about \$100 - \$130. Consider buying a 5 day or 10 day pass plus a Spring Pass, and they don't have to be at the same ski area. Also, note the following changes from last year:

1. The **Fusion Pass / Powder Alliance** has increased from 13 to 14 ski areas. Whitewater was just added.
2. **Mt. Bachelor** has discontinued the 12 free days at other ski areas. In it's place is the new M.A.X Pass.
3. The **Mountain Collective Pass** has added Ski Banff-Lake Louise and Sunshine, for a total of 14 ski areas.
4. **All prices will increase in November, Epic Pass increases Sept. 7, Mt. Bachelor prices increase at the end of September.**

Silver Star

Canada trip

Silver Star / Sun Peaks

January 24 - 30, 2016.

(5 ski days / 6 nights)

Silver Star has a mellow front side and a couple of really long cruisers on the back side, but it is famous for its steep and challenging powder runs on the back

side. Tree skiing. Powder. Best of all, a ski-in/ski-out village located not at the bottom but in the middle of the mountain. The village has a wild-west town look but in pastel colors! It is the locals' favorite mountain. And it is part of the Powder Alliance, which means that anyone with a Fusion Pass can ski there all 3 days for free!

Silver star has 128 named trails on 2,500' vertical, served by 12 lifts, 3 of which are hi-speed quads. Try to ski all the 5 distinct areas: the Front side (Vance Creek), the Back side (Putnam Creek), Silver Woods, Attridge, and Alder Point (advanced hike-to area). Silver Star also has 106 km of cross-country trails.

Sun Peaks is just 2.5 hours away, and we'll move there for the last 3 nights. Sun Peaks has a European village themed ski-in/ski-out village, with a pedestrian street lined with boutique stores and cafes. There are 3 separate peaks to ski: Mt. Tod, Sundance, and Mt. Morrissey. Lots of hidden nooks and crannies. Don't miss the "Sticks" and the "Back in Time" trail on Mt. Morrissey. Also, you have to try some of the steep trails on Mt. Morrissey with washing machine names, such as "Agitator", "Static Cling", "Spin Cycle", etc.

Sun Peaks is the 2nd largest ski area in Canada. It has 133 named trails (one of them 5 miles long), 2,894' vertical, served by 11 lifts, 3 of which are high speed quads.

This will be a bus trip. We'll pick up in Portland and in Vancouver, WA. We'll spend 3 days at Silver Star, and then an additional 2 days/3 nights at Sun Peaks.

Prices: Adult full price = \$1,095 Senior full price = \$1,033
Adults with Fusion Pass = \$888 Senior w. Fusion Pass = \$849

Price includes all bus transportation, lodging, and lift tickets. Two lunches (on the way up and on the return trip) are included. Depending on the number of people that sign up (the more the better) and the rate of exchange with the Canadian dollar, if we end up with any surplus, we will include some breakfasts and/or dinners too.

Space is limited to 32 people. This trip is now open to members of other clubs, since September 1, 2015, so please sign up early! To reserve your spot: Please send in a deposit check of \$250 per person.

Full payment due by November 15, 2015. No refunds after November 15 unless you can fill your spot. See our Mt. High Trip Cancellation Policy.

Print our **Dough Transmittal Form** and mail it in with your \$250 deposit check payable to Mountain High, PO Box 2182, Portland, OR 97208. If you are sending just a deposit, please indicate on the form which of the 4 categories you are in. Are you a Senior (65+) and do you intend to purchase the Fusion Pass (with the Powder Alliance deal).

Sun Peaks

Discovery Mt.

Montana trip

Discovery Mt. / Lost Trail

February 21 - 27, 2016.
(5 ski days / 6 nights)

Something unique! Kurt Krueger and Emilio Trampuz did some scouting in February 2015 and discovered a couple of hidden gems in southwest Montana. We want to take you there.

Lost Trail Powder Mt.

Discovery ski area. This was quite a find! Last winter was a bad snow year in the West, but the day we arrived we got 4 inches of wonderful fresh powder here on top of a very good base. You want challenge? You'll find it here. Over a dozen double-black never groomed named runs in the back bowls! This is like skiing in the Chugach mountains, but without the need for a helicopter! Even the blue cruisers seem very long, with a consistent pitch.

Discovery offers 2,400 vertical feet, 2,200 acres, served by 5 triples and 2 double chairs. Beginners and lower intermediates have their own hill. The best feature is: no crowds!

Lost Trail Powder Mountain. A great place, lots of powder, and no crowds. This place is open only Thursdays thru Sundays. Any snow that falls in the first half of the week will be untouched on Thursday. We will time our trip to arrive there on Thursday!

Lost Trail is located on the border between Montana and Idaho, and you can ski both sides. Yes, just like Look-out Pass, only bigger! It offers 1,800 vertical feet, served by 5 double chairlifts. The Montana side has several double-black runs. Best feature: No crowds, and an enormous field of perfectly spaced thin trees, where you can leave an unlimited number of fresh tracks while doing slalom laps through the trees.

Both Discovery Mt. and Lost Trail were featured in the 2014 Warren Miller ski film: "No Turning Back".

This will be a bus trip. We'll pick up in Portland and Troutdale. 2 days/2 nights in Philipsburg (Discovery ski area), and 2 days/3 nights in Hamilton (near the Lost Trail ski area). Bonus: we'll also hit the Montana Snow-bowl, near Missoula, one day. This will be a very unique trip. Experience the pristine side of Montana!

Discovery Mt.

Price = \$825 per person.

Montana ski areas don't offer a senior discount. But we got a good deal on group tickets.

Price includes all bus transportation, lodging, and lift tickets. Two lunches (on the way up and on the return trip) are included. Also, a dinner in Philipsburg. Depending on the number of people that sign up (the more the better), if we end up with any surplus, we will include another dinner.

Space is limited to 32 people. We cannot include more because of lodging limitations. Also, this trip will be open to members of other clubs as well, so please sign up early!

To reserve your spot: Please send in a deposit check of \$250 per person, preferably by November 15, 2015.

Full payment due by January 15, 2016. No refunds after January 15, unless you can fill your spot. See our Trip Cancellation Policy.

Please use the **Dough Transmittal form** on the **Forms & Docs** page on our web site, or on the next to last page in our newsletter. Make check payable to **Mountain High Snowsport Club**, and mail it to: Mountain High, PO Box 2182, Portland, OR 97208.

Lost Trail

Mt. High

Crystal Mountain, WA

March 18-20, 2016 A weekend bus trip, 2 nights/2 days. We leave Friday around 5:00 pm. Lots of fun on the bus – this is the best way to get to know other club members! We'll return Sunday by 8:30 pm.

Crystal Mountain is the largest ski area in Washington with 3,100 vertical feet of skiing, with over 50 named runs. There's everything from gentle groomed cruising runs for beginners to challenging steeps - backcountry, glades, chutes and unbelievable black runs for the more adventurous. This is why SKIING Magazine voted Crystal Mountain the #7 top mountain in North America.

Linda McGavin
at Crystal Mt.

There is one 8-passenger gondola (included in all tickets as of this year), 2 six-pack hi-speed lifts, 2 hi-speed quads, 2 triples, and 3 doubles., serving 2,300 acres of lift served terrain, plus 500 acres of backcountry.

NEWS: Two lifts have been replaced by new ones :

1. **The High Campbell Chairlift**, for experts only, which was destroyed in an avalanche this past season, was replaced by a new fixed grip double chairlift made by SkyTrac, the only American ski lift manufacturer.
2. **The Quicksilver fixed-grip double chairlift**, serving intermediate terrain, was replaced by a fixed-grip quad lift.

Lodging: We'll stay in the town of Enumclaw, 45 minutes from the mountain. Most of us will be in queen beds, but the first 3 couples who sign up and request it will get a king bed. There is no breakfast in the hotel, but there's Charlie's Cafe, a breakfast place right across the parking lot that opens at 5 am.

Price = \$250. This includes all bus transportation, 2 nights' lodging, one dinner, and one lift ticket.

The reason for only one lift ticket is that on Sunday, March 20, Crystal Mountain is allowing all NWSCC club members to buy tickets at half price, but you have to go to the ticket window yourself and show your NWSCC card (i.e. your club membership card; you'll get it when you renew your club membership for this season).

Use the [Dough Transmittal form](#) on the page before last (or on our FORMS web page) to send **\$100 deposit**, due by November 30. Full payment due by February 15, 2015. No refunds after February 15 unless you can fill your spot. Contact trip leader **Linda McGavin** at (503) 652-2840 or e-mail Trips@mthigh.org.

We have two competing long term forecasts for this winter.
Which one will be correct? Or will it be something in between?

Science says:

Strong El Niño = Warmer, Drier NW

Most weather forecasters agree this is a strong El Niño year, which occurs every few years, but this one is stronger than usual. The El Niño effect is a product of warmer than normal temperatures of the Pacific Ocean water in a wide band across the equator, stretching from Papua New Guinea to Ecuador (South America).

An El Niño winter usually means that the jet stream is diverted further north into Canada, resulting in a warmer and drier winter in the Northwest (which also means less snow, or wetter snow), while California and the American Southwest (New Mexico, Arizona) tend to get wetter, with plenty of rain the valleys and snow in the mountains. Generally speaking this does not bode well for snow enthusiasts in Oregon.

The Blob

This year, for the first time, there is one more factor, with unknown consequences. A huge area of warm ocean water has developed in the Pacific off the coast of Oregon, Washington and British Columbia. Scientists have dubbed it "The Blob".

Will the Blob magnify the warming and drying effect of El Niño? Or will it somehow counteract and oppose El Niño? That remains to be seen.

Old Farmer's Almanac says:

Expect a Cold, Snowy Winter

The Old Farmer's Almanac offers a ray of hope. It says we'll have a very cold winter with snow even in the Pacific Northwest. In fact, the snowiest periods in the Northwest should be in mid-December, early to mid-January, and mid- to late February.

This sounds perfect, with snow arriving just before our Canada trip in January and our Montana trip in February.

"Just about everybody who gets snow will have a White Christmas," says editor Janice Stillman.

The weather predictions in the Old Farmer's Almanac are based on a secret formula that founder Robert B. Thomas designed using solar cycles, climatology and meteorology. Forecasts emphasize how much temperature and precipitation will deviate from 30-year averages compiled by government agencies.

The **Old Farmer's Almanac** is very popular. 3 million copies are printed each year, and it has 1 million fans on Facebook. Its web site is: www.almanac.com

A competing publication, the **Farmers' Almanac**, can be found at: <http://farmersalmanac.com/> It forecasts a similar winter to last winter. The Northwest should see milder than normal temperatures.

Who is right, remains to be seen.

Deer Valley, UT

Deer Valley, Utah, is one of the most expensive ski areas, with day lift tickets costing \$120. In the latest, September 2015, issue of Ski Magazine, Deer Valley has paid for 36 pages of ads. How can Deer Valley afford to pay for that much advertising? Oh, of course, it's from the inflated prices they charge their customers!

One thing they did not mention in any of those 36 pages is the fact that snowboarders and families with snowboarders are not welcome. They will not be allowed to use the slopes. Fortunately, both skiers and snowboarders have the largest resort in America just 2 miles away in Park City.

Park City & The Canyons, UT

Vail Resorts has purchased Park City for \$182.5 million last year (2014). This year, they combined Park City and the Canyons into a single resort named simply **Park City Mountain Resort**. This is now the largest ski resort in the United States with 7,300 acres, 17 peaks, 14 bowls, served by 38 lifts.

Although the signs say only "Park City," the Canyons name will be sticking around only in signage on that side of the mountain that will say, "Park City Canyons Village". Vail Resorts is spending \$50 million on upgrades, including a gondola connecting the resorts, two lifts and new restaurants - all ready for 2015-2016.

Purgatory is Purgatory Again

There are far too many ski areas called "Mountain Resorts" these days. It has become way too generic. A ski area need a distinctive name that will set it apart, rather than drown in a sea of generic names.

James Coleman, who purchased Durango Mountain resort last year, understood that and immediately reverted the resort's name back to it's original name: Purgatory. After all, it's fitting to have Purgatory and Telluride ("To Hell You Ride") located not far from each other. Purgatory is easy to remember. It's a unique name for a unique ski area.

For this season, Purgatory has added a new high-speed quad chairlift and opened three new trails.

Coleman also owns the Sipapu ski area in New Mexico and has also installed a new lift there too.

Powder Alliance is Growing

The Powder Alliance has grown from 13 to 14 ski areas. The most recent addition is Whitewater, B.C.

Mt. Hood Skibowl and Timberline are both members of the Alliance. So, anyone with a Fusion Pass to these 2 ski areas can have 3 free days at each of the other 12 ski areas. That's a total of 36 free ski days if you ski them all, plus unlimited skiing on Mt. Hood.

The other 12 ski areas are (alphabetically): Angel Fire, NM; Arizona Snowbowl; Bridger Bowl, MT; China Peak, CA; Crested Butte, CO; Mountain High, CA; Schweitzer Mt., ID; Sierra-at-Tahoe, CA; Silver Star, BC; Snowbasin, UT; Stevens Pass, WA; and Whitewater, BC.

Our club will spend 3 days at Silver Star, BC, on the upcoming Canada trip in January 2016.

Sun Peaks, 2nd in Canada and growing

British Columbia's Sun Peaks Resort will add two new trails and increased glading for the coming ski season. The two new runs on the west side of Mt. Morrisey will continue to build out the challenging "Laundromat" area, where all the trails are black or double-black and have names inspired by washing machines, such as: Spin Cycle, Static Cling, and Agitator. Eventually, a new chairlift is planned for the West Morrisey area.

The 2 new trails are: Tumble Dry and Lint Trap.

Sun Peaks is the 2nd largest ski area in Canada, with 4,270 acres, 2,900' vertical, served by 11 lifts, including 3 express quads (one on each of the 3 mountains).

Our club will spend 2 days at Sun Peaks, on our upcoming Canada trip in January 2016.

Guided Backcountry Tours at Sun Peaks

Sun Peaks will offer new private tours in challenging terrain. The **Gil's backcountry area** was incorporated to the official ski boundary last winter, but locals have been exploring their favourite nooks and crannies in the area for decades and will share their coveted lines in the tours.

Sun Peaks' top instructors will guide lucky guests to the best snow and aspects for the particular day's conditions while sharing local knowledge, allowing guests to discover advanced terrain in safety and comfort.

Mt. High Kickoff Party

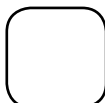

Nov. 12 (Thursday) 6:30 pm.

Our most well attended event of the year is our annual season Kickoff Party. This is where most people **renew their membership** and

sign up for trips. It is also usually the last chance for new racers to **sign up for a PACRAT racing team.**

This year, it will also be your last chance to sign up for our **Canada** trip, for which we will have to make a substantial down payment just days after the party. The **Montana** trip is just a month later, so decide which one you want to sign up for. Life is short. Sign up for BOTH trips! Also, as usual, we'll have an informal mini ski swap, door prizes, food, and more! So, put this event on your calendar.
