

PACRAT RACE 5 RESULTS: Meadows - 4/2/06

Results Based on a Par Time of 26.61 seconds

We had a fast track with not the best visibility for our last race, but we were able to get the race in and finish the season. The top two teams left the door open a little scoring below 40 points each (remember the best 4 of 5 races for each racer counts). The only team to really make a move was Rocket Dawgs climbing from 6th to third, just 1 point behind 2nd place Rattitudes who made a valiant effort to retain the title. Psychothermia held on to the lead to claim their place on the trophy this year. Tasmanian Ski Devils scored enough to knock Ruttin' Rats out of the medals. Trophies went to 1st - 4th and medals went to 5th - 8th. Our King and Queen Rat awards go to the racers who participate in at least 4 races and show the most consistent improvement over the year. This year our King Rat is Ron Williams and our Queen Rat is Tamela Cantor. You will note the extra column on the team standings that shows team participation for the year based on all 5 races. Note the correlation between team participation and final standings. Page four shows various factoids for the season. Hope everyone had a great year and we'll see you all next year with a few more of your friends.

Remaining Races/Events: Next Year.

Names with an * after them are snowboarders. Snowboard times are discounted 10% per NASTAR guidelines. To get your raw time, divide the time shown by 0.9 (i.e. time/0.9 = raw time).

Classifications according to League Rules. Classification for first race based on previous season class finished with downstrikes/upstrikes starting anew with the new season. Racers with no prior PACRAT experience classified according to time in their first race of the season.
